Chance and Data Dice Roll

Answer the chance questions. Then roll a dice 20 times and record your findings.

1. What is the chance you will roll a six 20 times in a row?

   likely   unlikely   certain   impossible

2. What is the chance you **don't** roll a three?

   likely   unlikely   certain   impossible

3. Are you certain you will roll a number from one to six?

   _____

4. What is the chance you will roll a ten?

   _____

5. Roll a dice 20 times and record each roll as a tally mark.

Number	Tally	Total
1		
2		
3		
4		
5		
6
