

Indigenous Olympic Athletes

Find out more about these deadly Aboriginal & Torres Strait Islander athletes. Here's a few ideas!

*Do your own research project on one of these athletes. Remember powerpoints are a great way to present information but are usually too large for most people to send. Perhaps put your information in a word document.

Include;

- which mob they belong to
- which sport they play
- the events they participated in
- past achievements
- interesting facts

*Find out more about the mobs these guys belong to eg. Wonnarua. Locate which part of Australia their mob is from. The following map might help.

<https://aiatsis.gov.au/explore/map-indigenous-australia> . You might even be clever enough to learn some words in their traditional language.
