

DISTANCE LEARNING TIPS

Since school will be closed for the rest of the school year, I will continue to learn through distance learning.

Distance learning is different! It takes a while to get used to seeing my teacher or friends on my computer or tablet.

There are some tips that can help me learn online.

It is best if I wear a shirt when I'm doing a video chat with my teacher and class.

Also, if I stay in front of the screen, it will be easier for my teacher and friends to see me.

I need a break

If I need a break from looking at the screen, I can tell my mom, dad or family member. They will help me take a little break and then come back to my class..

Sometimes, my teacher might ask me to turn my "mic" off or on. An adult can help me find this button when I need it.

Another thing I can try to remember is to keep the appropriate distance from the screen. That is about the length of my arm. If I'm closer, it is too close and if I'm farther away, then it is too far away.

I can wait until my teacher says goodbye to push the end meeting or close button.

Distance learning is different than learning in my school building. But, if I follow the tips, it will help me learn and help my teacher be able to see me when I'm learning. It can be fun!

Tips for Distance Learning

1. Wear a shirt
2. Stay in front of the screen
3. Ask for a break if needed
4. Follow my teacher's direction about turning the "mic" on and off
5. Keep an appropriate distance from the screen - about an arm's length away
6. Wait until the teacher says goodbye to press the end meeting or end call button
7. Try to have fun 😊
